

# Tangible Kingdom Primer

This 8-week spiritual transformation tool is designed to help prepare your heart for living on mission. You might have noticed that people don't like to be evangelized. They don't automatically think our truths are their truths. They won't show up at our church gatherings to hear our ideas and they don't like it when we push them to accept our beliefs. Yet one truth always remains – people will always be drawn to good news when they see it in action. Though they may not understand everything, the Gospel is always Good News when it touches down in real life. The Tangible Kingdom Primer is about learning to live in the Kingdom and how to create pathways for others to experience it along with you.

These books are available through the church office. The church has paid the upfront cost of \$18/book. If you are able to help defray the cost of your book, that would be greatly appreciated. Simply note that the payment goes towards the book and place it in the offering plate. However, repayment is not required. These books are available to everyone.
